*Join us. Tell the
CSU Trustees to*

**“Get Your
Priorities
Straight!”**

- Start fighting for a budget that reflects the **REAL NEEDS** of the CSU
- Stop squeezing students by raising fees year after year to make up budget shortfalls. Keep the CSU affordable and accessible.
- Stop demanding take-aways in bargaining. Turn your attention to decent raises for the faculty and staff who have sacrificed enough.
- Stop giving excessive raises to CSU execs while people who work in the CSU can't attain a middle-class living.

Faculty, students and staff should not have to suffer because the CSU Administration and Trustees can't get their priorities straight.
