

Hartnell College Faculty Strike
Introduced by
Rafael Gomez, Chapter President, Monterey Bay
October 21, 2006

Whereas, the faculty at Hartnell College have been without a contract since 2003; and,

Whereas, the faculty's average salary is one of the lowest in the Community College system in California; and,

Whereas, the fact finder found the district has the ability to pay; therefore,

Be It Resolved, that the California Faculty Association strongly supports our colleagues at Hartnell College in their struggle for a fair and equitable contract.
