

**MOTION OPPOSING
STATE-MANDATED CURRICULUM
DESIGNED TO TEACH METHODS
OF STANDARDIZED TEST-TAKING**

M/S/P (Ahlquist/Kuhn) that CFA faculty support CSU teacher educators who are challenging the Commission on Teacher Credentialing (CTC), State Board of Education, and Legislature driven state mandated curriculum designed to teach teachers primarily the methods of standardized test taking. This mandate undermines academic freedom. Further, we oppose the disciplinary actions that are being used to threaten and punish teacher educators who challenge these state mandates.

***Passed by CFA's
Delegate Assembly
October 2002***
