

# COLLEGE-GOING RATES IN CALIFORNIA BY CONGRESSIONAL DISTRICT

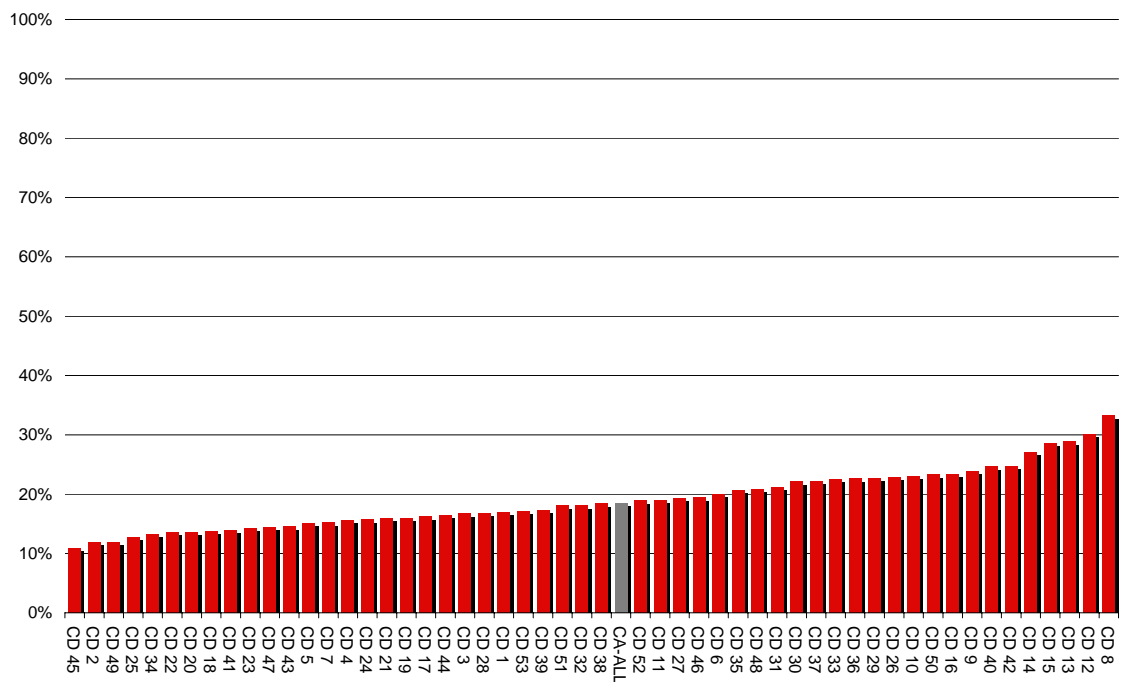

2007 College-Going Rates of Public High School Grads to CA Public Colleges & Universities  
Data source: CA Postsecondary Education Commission

- Less than half of the public high school graduates in California went on to a public college or university in 2007.
- College-going rates must improve if the state hopes to meet the rising demand for college-educated workers.

College-Going Rate to Public 2- and 4-Year Colleges and Universities

College-Going Rate to 4-Year Public Universities in California (UC and CSU)

- Fewer than 1 in 5 public high school graduates enrolled in a public 4-year university in 2007.
- The strength of California's economy depends on the state increasing the numbers of workers with Bachelor's degrees.
