Michigan Conference AAUP Statement in Support of our colleagues at CSU, East Bay and CSU, Dominguez Hills

The Michigan Conference AAUP, representing AAUP Chapters in Michigan, strongly supports the unanimous vote of the CFA Executive Board in approving the 1-day strike at East Bay and Dominguez Hills.

This is one more battle in the war on ensuring quality higher education for the 21st century. And although this battle is on the 2 campuses in California, the support for your actions reaches our campuses in Michigan.

Quality, affordable and accessible higher education must be maintained and your actions are the example to all faculty that we must shoulder that burden.

We stand in solidarity with you.

Executive Board
Michigan Conference AAUP
