Cast Your Ballot For a Fair Contract**

CSU Faculty: Time to Vote Yes!

Our CFA Bargaining Team has been negotiating with the CSU Administration for 18 long months. If Chancellor Reed does not agree to a fair settlement we are faced with a stark choice — vote to strike or fail to defend quality education.

A “YES” Vote In April Means:

- 👍 We send the Chancellor a clear message that we won't allow his for-profit model of excessive executive salaries and low quality education.
- 👍 We will take our cause to the public, raising consciousness about the deterioration of academic standards.
- 👍 Without a fair contract, we will not be able to provide quality education to our students.

Voting will be conducted both online & in person on all 23 CSU Campuses. For more info go to: www.calfac.org/StrikeVote411
