

Strike Vote Set

CSU Faculty: Our CFA bargaining team has been negotiating with CSU administration for 18 long months – and if Chancellor Reed does not agree to a fair settlement, we are The Choice Is Ours... faced with a stark choice — vote to strike or fail to defend quality education.

A “YES” Vote In April Means:

- ✔ We send the Chancellor a clear message that we won't allow his for-profit model of excessive executive salaries and low quality education.
- ✔ We will take our cause to the public, raising consciousness about the deterioration of academic standards.
- ✔ We are ready to carry out the largest strike of higher ed teachers in US history!

A “NO” Vote In April Means:

- ✗ We accept increased workload and larger class sizes, degrading the quality of education we can provide.
- ✗ We accept their takeaway proposals including nothing now and less later on salary and benefits.
- ✗ We sit idly by while students pay more, we make less, and CSU executives get paid astronomical salaries.

COUNT ON ME

I'm Ready to Stand for Quality Education & a Fair Contract!

I pledge to vote YES in April to authorize the CFA Board of Directors to call for a series of two-day rolling strikes should mediation and fact finding fail to yield a fair settlement.
