United University Professions

November 15, 2011

Sisters and Brothers:

United University Professions (UUP), the union representing more than 35,000 academic and professional faculty of the State University of New York (SUNY), stands with our sisters and brothers in the California Faculty Association (CFA) in the ongoing campaign on behalf of public higher education.

The one day CFA action at two campuses is to support access and affordability in the California State University system. CFA is protesting misplaced priorities such as massive fee hikes, dramatic escalation of tuition, and exorbitant raises to senior administration. CFA stands for the historic and core academic mission of the California State University system and CFA fights for increased public funding for the people's university.

In Union,
