

A JOURNEY INTO CHANGE: AN UNCONSCIOUS BIAS WORKSHOP

WHAT DO YOU KNOW ABOUT UNCONSCIOUS BIASES?

A team of scholar activists representing the Council for Racial and Social Justice designed this dynamic workshop for faculty and others in the university community. The goal of the workshop is to help individuals sharpen their recognition of unconscious biases, preferences, and micro-aggressions that manifest in the workplace. Specifically, in faculty recruitment, hire, and retention.

JOIN US FOR AN INTERACTIVE WORKSHOP WHERE WE WILL DISCUSS

- Implicit association test preferences
- Challenge our biases
- Changing the work environment by changing individual behavior
